Incorporating Industrial Trust

Reasons to get involved...

Stimulate interest

Students engage in hands-on activity days, work in teams and find out about courses and careers in STEM.

Build key skills for life

First Edition is an applied learning experience promoting creativity and innovation through practical problem solving.

Engage in new experiences

Students meet role models from industry and take part in fun and challenging activities.

Measurable benefits

80%
of students found the days have helped inspire them to consider going to college / university

99%
of teachers that have taken part in a First Edition day thought it was relevant and benefitted their students

"A great day enjoyed by all students and staff alike. The event has the capacity to inspire and encourage students to pursue a career in engineering or related field thus making it a worthwhile activity/day"
