

# Confidential Statement of Financial Circumstances

## in support of an application for Headstart, Inspire or Routes into STEM Bursary

to be completed by parent/guardian

Engineering Development Trust (EDT) has a very limited bursary fund available to students whose financial situation may prevent them from attending a Headstart or Inspire course. To be considered for funding, please complete this form with details of the student's household income and send it within 5 days of your son/daughter submitting their online course application to: Headstart EDT, The Weltech Centre, Ridgeway, Welwyn Garden City, Herts AL7 2AA. We also need you to send us two pieces of supporting evidence – your most recent P60 or 3 months wage slips and ALL pages of your Tax Credit Award Notice (TC602). We aim to help the greatest number of families, so we ask you to first enquire if you are eligible for help from school or college. As an indication, in previous years we have given bursaries to families with household incomes of less than £25,000, which we considered on a case-by-case basis.

My son/daughter is applying for one of these courses *(tick relevant box)*:

**Headstart Year 12 course**    
 **Inspire Year 11 Girls' course**    
 **Routes into STEM Year 10 course**
