

INDUSTRIAL CADETS GOLD PROJECT

We are EDT!

The UK's largest STEM education charity.

Our aim is connecting young people with industries and inspiring STEM futures.

We do this through a wide range of programmes giving you a creative, hands-on learning experience, supported by role models from some of the most exciting science and tech companies, global brands and innovative tech start-ups.

What is the Gold Project?

- A team of 4-6 year 12 students
- Completing an exciting STEM project over 20 weeks (50+ hours)
- Working on a STEM Project alongside STEM Professionals

What do you get out of taking part?

- Insight into STEM companies
- Support from a real STEM Professional as your industry mentor
- Opportunity to spend 2 days at a University Workshop
- Development of key skills for learning, life and work
- Becoming a Gold Industrial Cadet
- Access to Celebration events
- Insight into further education and career pathways

What's involved?

- ★ Virtual Launch Event
- ★ Industry Mentoring
- ★ Company Site Visit
- ★ Weekly Team Meetings
- ★ Personal Work
- ★ Live Development Webinars including Early Careers and Higher education
- ★ Virtual Graduation Event
- ★ Face-to-Face Regional Celebration Event

When is it?
