

Technology Wordsearch

Where would we be without technology?

Can you imagine a world without technology? How would we survive? How would our lives be different?

The world of technology almost comes with a language all of its own, so why not try to write definitions of these words especially the ones that are new to you?

How many can you find?

Hidden in the grid opposite are nineteen words related to 'technology' - how quickly can you find them all?

The words read horizontally, vertically, diagonally and backwards.

What do you think:

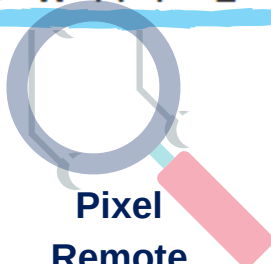

Watch [this video](#), and listen to the different opinions on technology:

- Do you think technology is important?
- Can technology be a bad thing?
- Why do you think people love playing with technology so much?
- Can you suggest some activities people could do other than playing with gadgets?
